

Directions to Camp Andrew Brown
SARG Field Day Site
(Your mileage may vary)

Start your mileage count from here.

Mile 0 – Sierra Gateway Market in
Kernville. Go north on Mtn. 99

Mile 19.1 – Turn right on
Sherman Pass Road. It is **just
before the Johnsondale
Bridge**. You can only turn
Right, the sign is on the left.

This is a clip from Google Maps showing how sharp the turn is.
You have just crossed over a creek and gone by some rest
rooms near a bunch of dumpsters.
The turn is about ½ mile past the
creek crossing. You will see the
above sign right at the turn.

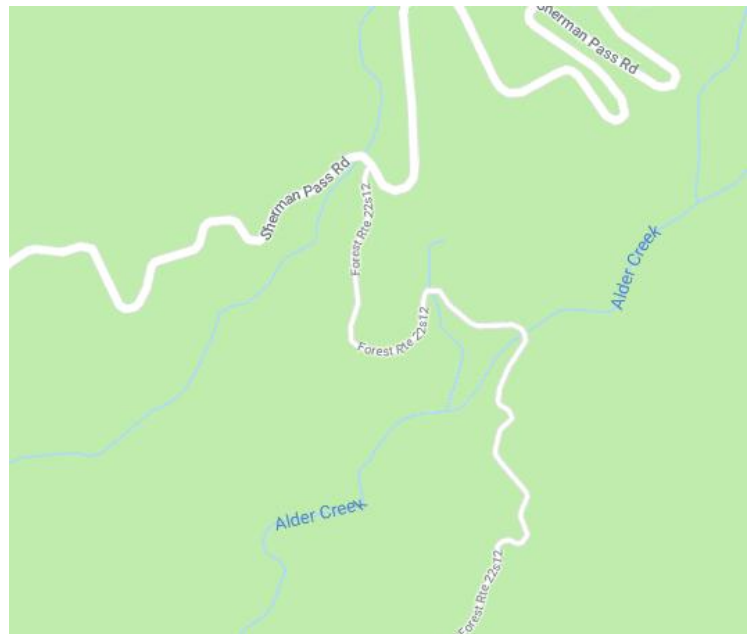

Mile 25.2 – Road 22S12
Turn right. Sign on right
just past turn. Open snow
gates on both directions.
The road goes straight but
you need to turn RIGHT.

**Be alert, this turn is
easy to miss.
(Ask Al & Skip)**

Another Google Map showing
the turn. On your left will be
some trees and dirt road that
goes around a large hole in the
ground. The road you want is
paved (and is narrow).

Mile 30.8 – Poison Meadow Creek. End of paved road. No photo, but you won't miss it!
Watch for pot holes hiding in the shade, they are hard to see.
